1. What is this Coding Challenge for?

- We believe that a diverse workforce of strong programmers makes us innovative and resilient. Those invited to the Coding Challenge and are shortlisted may be offered a full-time position within Global Technology's lines of business in any one of our three Tech Centers in Bengaluru, Hyderabad or Mumbai.

2. Who is eligible to participate in the challenge?

- The Coding Challenge is available to all software engineers who have a passion to code and have at least 2+ years of programming work experience.

3. Do we sign up as a team or as individuals?

- The challenge is for individual participants

4. Will I get any confirmation regarding my registration to the Coding Challenge?

- All completed entries on the sign-up form will be screened, and shortlisted applicants will receive an invite to the online coding challenge.

5. Where can I find the Challenge rules?

- The Challenge is being conducted in partnership with HackerRank. Challenge related details will be provided with the invite to the Coding Challenge

6. When is the Coding Challenge?

- The Coding Challenge will be live on 4th September 2021 at 3:00 pm IST.

7. Who can I contact for more information about the Coding Challenge?

- Write to us at GT_SheCodes@jpmorgan.com
